

NORDIC SEAFOOD EXPORT AS

Premium Norwegian

Seafood Collection

A concise export catalogue for approved buyers seeking dependable Norwegian seafood, clear specifications, and a professional cold-chain partner.

CATALOGUE · 2026 EDITION

Nordic products. Clear specifications.

Our catalogue is structured around the information buyers need first: product format, availability, origin, packing and minimum order. Final terms are confirmed for every destination before an order is accepted.

Fresh Atlantic Salmon

Whole salmon and fresh portions from Norwegian fjords.

Fresh chilled 0–2°C · Whole, fillet or portion · 4–9 kg classes

Fresh & Smoked Salmon

Fresh fillets, portions and cold-smoked formats for export programmes.

Fresh or smoked · Skin-on / skinless · Bulk, IQF or vacuum-packed

Norwegian White Fish

Cod and haddock fillets selected for foodservice and retail supply.

Fresh or frozen · Skin-on / skinless · Bulk or retail formats

Atlantic Mackerel

Distinctive blue-green Atlantic mackerel from the North Atlantic.

Whole or fillet · Frozen –18°C · Various sizes

Dry Fish & Salted Fish

Traditional stockfish and klippfisk made for long shelf life.

Cod or saithe · Air-dried or split and salted · Various grades

Prawns, Shrimps & Crab

Cold-water shellfish for foodservice, retail and distribution.

Whole, peeled, cooked, legs or sections · Frozen and premium grades

Safe handling. On time. Every time.

We coordinate packaging, temperature, freight and documentation around the way your market receives and sells the product. The practical details are agreed before shipment.

01 Buyer brief

Product, format, quantity, destination and delivery window.

02 Supply confirmation

Availability, grade, packing and producer terms checked.

03 Firm quotation

Product, freight, documents and landed-cost assumptions set out clearly.

04 Shipment

Agreed cold-chain handling, updates and export documents through dispatch.

BUYER CHECKLIST

Product, format and grade	Availability and producer terms
