

PRODUCT CATALOGUE 2026

Norwegian Seafood for International Buyers

Nordic Seafood Export AS is a Norwegian seafood trading and export company headquartered in Oslo. We connect international importers, distributors and food-service businesses with approved Norwegian seafood producers.

We do not own farms, vessels or processing plants: products are sourced from our approved producers and suppliers, and transport is arranged with licensed freight partners. For each confirmed order we coordinate sourcing, commercial terms, export documentation, logistics and delivery.

Products at a glance

Seven product groups and 33 products sourced through approved Norwegian producers and partners. Only confirmed catalogue details are listed; where a detail shows “Contact sales for specifications”, our sales team provides it with your quotation. Standard minimum order: 1 metric tonne (1,000 kg).

Fresh Atlantic Salmon

How to order

1

Send a quotation request with product, size, quantity, destination and Incoterm.

2

We confirm availability, specification and a written quotation.

3

Payment in advance or by confirmed letter of credit.

4

Shipment with full export documentation.

Pricing

Price on request. Weekly market pricing for fresh products; quotations are confirmed in writing.

Minimum order

Standard minimum order 1 metric tonne (1,000 kg) for every product and transport method. Minimum order confirmed on quotation.

Specifications

Only confirmed catalogue details are listed. Where a detail shows "Contact sales for specifications", our sales team provides it with your quotation.

Incoterms 2020

FCA (named collection point in Norway), CPT, CIP, DAP; CFR and CIF for sea freight. Other terms by agreement.

Transport

Air freight for fresh seafood, refrigerated road freight within Europe, and reefer sea containers for frozen and dried products.

Payment

Normally 100% in advance or by confirmed irrevocable letter of credit.

Documentation

Commercial invoice, packing list, health certificate and certificate of origin, prepared for each confirmed shipment.
